CHARACTER REFERENCE – NEIL STUCKENBERG

To Whom It May Concern:

I have spent many hours in the African Bush, much of that with Neil Stuckenberg, and it was always a pleasure and privilege.

We explored Kruger National Park and many of the Private Game Reserves that comprises the “Greater Kruger”, together.

The vast majority of our time, however, was spent on Thornybush Game Reserve, where Neil owned his own Game Lodge, and I was the General Manager of Monwana & Serondella Lodges.

During these times, I was always impressed with Neil's passion for the bush and his Guests' comfort.

His appreciation for Nature, Wildlife, and most importantly, sharing that with Guests, ensured that they always had a great time and experience at his lodge and in the bush.

It is a very special career to pursue; guiding visitors to the wonders of Africa and Neil took that responsibility seriously and enthusiastically.

Neil understands the balance between truly experiencing the Wilderness, while not sacrificing the creature comforts we all appreciate when on vacation.

I wish Neil the best of luck with his new Safari Travel business and am confident he will be successful and will once again create Life Changing memories for many, many happy Guests...

Yours truly

Carl du Toit
